EXPERIENCE

VARIOUS CLIENTS, *Remote*
Freelance Writer, 04/2012 – Present
- Produced blog posts on a variety of topics for small businesses.
- Created text advertisements for leading corporations to help increase their marketing ROI and Click-through rate in their ad campaigns.

INNOSCHOOL.IO, *Austria*
Software Developer Internship, 09/ 2019 – 12/2019
- Participated in an innovative startup team that attempted to develop an innovative app that helps solve the pain points of chefs to make their life easier.
- Built a small to-do app for chefs as part of the process.

DELOITTE, *Zaragoza, Spain*
Oracle Database Developer Intern, 09/2018 – 12/2018
- Learned about Oracle database maintenance and migrations using SQL and PL/SQL.
- Imported data from companies, cleaned data, filtered data for important features, eliminated unwanted records, and carried out the migration.

CESGA Centro de Supercomputación de Galicia, *Spain*
Java Application Intern, 04/2019 – 05/2019
- Tasked with modifying their existing Slurm accounting application written in Java to add a new feature and to make it compatible with the new RHEL 7 Linux OS system that they just migrated most of their clusters to.
- Created documentation about the Slurm system in HREL 7.

EDUCATION

MICROVERSE, 05/2019 – 12/2021
Remote Full-Stack Web Development Program, Full-Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.
